FEATURING THE **BOOKS** OF THE **BIBLE**

Get Ready to Read Big.
Read Real. Read Together.

Dive into a whole new experience of Scripture!

READ BIG—The Books of the Bible is an engaging approach to Scripture. Not a verse here or a chapter there, but whole books read in their original context.

READ REAL— The Books of the Bible strips away centuries of added formatting so you can read and enjoy just the Bible text. No chapter and verse numbers. No study notes. No cross reference or footnotes. No red letters.

READ TOGETHER—The Community Bible Experience is a new way to talk about the Bible: less like a Bible study, more like a book club. Everyone is welcome, no matter how much (or little) of the Bible you have already read.
