

# Three Steps

## for Studying the Bible

### Ask God to help you (John 14:26)

The first step in understanding the Bible is asking God to help you. You should read it prayerfully. If anyone understands God's Word, it is because of God and not the reader.

### Put in the work (2 Timothy 2:15)

Any worthy find requires effort. The Bible is no exception. To understand the Bible, you don't have to be brilliant, but you must be willing to roll up your sleeves and search.

### Practice it (Matthew 7:7)

To knock is to stand at God's door. To make yourself available. To climb the steps, cross the porch, stand at the doorway, and volunteer. Knocking goes beyond the realm of thinking and into the realm of acting.
